Advanced Communication System with  
GIGARANGE Cordless Phone

## GIGARANGE

### GIGARANGE Cordless Phone

The Gigarange features clear sound, digital security and longer range. The unit represents the digital performance and style you would expect from Panasonic.

### Dual Digital Speakerphones

This system features dual digital duplex speakerphones, on the base and cordless phone. You can enjoy clear, natural, two-way conversations on them.

### Digital Answering System

The system answers your every call, records messages and receives faxes when you are away. The operation is virtually silent and instantaneous.

### System Remote Control from Gigarange Phone

The Gigarange phone allows you to activate fax function, switch the receiving modes, and control the answering system from remote location within the range.

### Dual Caller ID\*<sup>1</sup> Ready

The caller's name or phone number can be displayed on the LCD of both the base and handset. So, you can see who's calling before you answer the phone.

### 28-Page Document Memory\*<sup>2,3</sup>

The KX-FC379CX can store up to 28 pages in its built-in memory. Ideal for broadcasting multi-page documents to multiple locations.

## Other Features
