KX-FC971CX

Advanced Communication System
with Digital GIGARANGE

Digital Cordless Phone

The Gigarange features clear sound, digital security and longer range. The unit represents the digital performance and style you would expect from Panasonic.

Digital Speakerphone on the Cordless Phone

The system uses compression technology to deliver crisp, natural two-way conversation without clipping or echo effect.

Multi-Handset Expandability

With this feature, you can place a different handset in different rooms. You can enjoy handset-to handset talking, or have conference calls with outside parties.

Digital Answering System

The system answers your every call, records messages and receives faxes when you are away. The operation is virtually silent and instantaneous.
